Hi Mark

A couple comments in the attached that Cindy would like addressed:

- PSSD - bullet on Addendum, and another on automation this year
- Pensions - need to address HOOPP and CATTPP
- FHP - need a slide on market accounts

I have incorporated her other minor comments already, so please use the attached as master.

Thanks
Sarah

Added the SCOPA slide into the attached, at the end of the public accounts section.

Mark this version is ready for your review.

See attached documents for transition binder. We are still working on SCOPA, nothing is readily available and need to work from scratch.

Bharat was pulling together some materials off the shelf. Bharat, do you have your PA pieces?

Hi Mark

How are these going? Can I get an ETA on when we will be able to send the transition materials over?

Thanks
Sarah

Hi Mark

We need to provide backpocket materials for transitioning Minister McMahon by Monday morning (likely will need to brief her on them at some point as well –TBC). We've been requested to provide materials for the following topics:

- Accounting
 - o Public Accounts, including how we interact with OAG,
 - o Upcoming SCOPA visit,
 - o Pension Accounting,
 - o Hydro Asset Accounting
- PSSD

Between the foundational briefing on PA, PSSD and FHP provided a couple weeks ago, and the 2016-17 Public Accounts Technical Briefing deck that covers pension accounting we should be in good shape to pull a deck together from mostly existing materials (attached for easy reference what I think we can pull from)

Can you please have your team pull these materials together/update by EOD?

The minister will also be provided with the latest HBNs, which Comms will provide

Happy to discuss

Thanks
Sarah

Hi everyone,

We'll need to pull together back pocket materials for the Minister by Monday morning. I think a lot of the staff (highlighted in green) will be off the shelf.
