Hi Nadine and helen

We've been asked to fact check the attached deck as it pertains to OPCD. I only see actuals referenced in the last slide, but if you could please give it a look over to see if I've missed anything.

MOF has asked for comments by noon tomorrow since their ministers briefing is tomorrow afternoon

Thanks
Sarah

FYI, Fiscal Outlook deck to brief Minister Sousa for doc day. It includes an overview of changes in revenue and expense from the 2016 budget and highlights ongoing risks to the fiscal plan.

Can your areas review and provide any comments by 4:30pm tomorrow?

Hey everyone

Last week Liz from our MO indicated that she wanted to set up a briefing for the Minister as part of Document day preparation. We thought it would be a good idea to not only remind the Minister of the key narrative and fiscal plan numbers, but also to remind him how constrained the plan is, and the kind of critique it will be subject to in the days following the document. Its also a great jumping off point for our post- budget tracking where we continue to remind them and track the pressures against the plan.

We'd love to get your input and feedback. See attached.

If you guys could get back to us by tomorrow eod (Tuesday, lets call eod 430pm) that would be great.

Thanks in advance
Tim
