Hello

Please find attached updated fiscal architecture decks – one that could be used with the Premier and the Minister(s) on Monday. One version is meant for the MMMP (it has more detail in it) and the other is the Cabinet Retreat (excludes detail on tools, etc.).

Scott and I walked the SOC through the MMMP version about an hour or so ago.

I know this doesn't yet reflect the pension update (assume more briefing is needed on this before rolling it in) but I changed the colour of the impact of pension updates from yellow to red in the deck.

I'll be in Monday to prepare for all the meetings on Tuesday.
