

Pension Asset Expert Advisory Panel Submits Final Report

*Government Accepts Independent Panel's Recommendations
on Accounting for Pension Plans*

NEWS

February 13, 2017

The Pension Asset Expert Advisory Panel has released its independent advice and recommendations on the application of public sector accounting standards to two of Ontario's jointly sponsored pension plans: the Ontario Teachers' Pension Plan (OTPP) and the Ontario Public Sector Employees' Union Pension Plan (OPSEUPP).

The panel's report concluded that the province's share of the net pension assets of both the OTPP and the OPSEUPP should be recognized in Ontario's financial statements, which Ontario has done consistently since 2001.

The panel's report outlined the following reasons why an asset exists:

- Recognizing the asset will provide a faithful representation of the Province's financial position
- The accounting surplus in the plan has a future economic benefit
- The government controls access to that accounting surplus
- The accounting surplus exists as the result of past transactions and events
- It would be misleading not to recognize the Province's share of the assets in Public Accounts

As a result, the government is accepting the panel's recommendations, which will inform the preparation of the Province's financial statements.

The Province remains on track to balance the budget by 2017-18, and remain balanced in 2018-19.

Responsible financial management is part of the government's plan to create jobs, grow our economy and help people in their everyday lives.

QUOTES

"TBC I would like to thank the expert advisory panel for their thorough analysis and recommendations on this complex accounting issue. We accept the advice of the panel and will use it in preparing the province's financial statements."

— Liz Sandals, President of the Treasury Board

"As a result of the expert assessment of the independent advisory panel, we now have additional advice on how to account for these jointly sponsored pension plans as assets. This advice will help us continue to present the province's finances fairly and accurately, as we work

toward balancing the budget in 2017-18. We will provide a full update on the Province's fiscal situation in the near future.”

— Charles Sousa, Minister of Finance

QUICK FACTS

- By applying the panel's advice, the province would see a reduction in debt to now \$10.7 billion.
- For 2015-16, this means the province's deficit has been lowered by \$1.5 billion.
- In preparing the 2015-16 Public Accounts of Ontario, the Province's professional accounting staff and the Auditor General's Office could not reach an agreement on the appropriate application of the Public Sector Accounting Board standards regarding pension accounting for the Province's jointly sponsored pension plans.
- The government formed the Pension Asset Expert Advisory Panel to provide independent advice on how public sector accounting standards are interpreted as they apply to net pension assets.
- The panel members have expertise in the areas of jointly sponsored pension plan governance, actuarial modelling for pension plans and Public Sector Accounting Standards.
- In the coming weeks, the panel will issue a supplemental report that will provide advice and recommendations on how to account for potential future net pension assets related to the Healthcare of Ontario Pension Plan (HOOPP) and the Colleges of Applied Arts and Technology Pension Plan (CAATPP).
