Hi all,

OPCD is good with the proposed wording below of the cover email. Also Energy has confirmed the % in the table, so I've removed our comment in the attached that says "energy to confirm".

Thanks
Sarah

Thanks Kate.

In terms of MO engagement, normally they approve all media responses but my feeling is this is now our territory and we should be sharing this as FYI only for their awareness. We're talking about factual inaccuracies vs messaging at this point.

Vivienne do you agree with that?

Hi all,

Below and attached is our proposed response to Matthew McClearn for your review.

There are a couple of typos in the chart that we will tidy up first thing tomorrow morning. Wanted to keep this moving in the interest of time tonight.

Thanks,
Kate
