Hey all,

I also took a first crack at providing some of the answers we've discussed so far – this might serve as a helpful starting point.

Subject: Legislation Q&As

Hey Matt,

We've started putting together an updated Q&A document for FHP Legislation. In the attached document you'll see some questions that we may need to deal with. Could you take a look through and see if you have any more to add? Also, we'll need some bullet answers for this, which we can massage and message, hopefully to have a draft for EOD tomorrow. If you could provide what answers you can and point us in the direction of where we might find the others that would be really helpful.

Thanks,
Colin
