Michael,

I am supporting the identification of risks related to the fair hydro plan. I worked with Jeannette, Anthony and Lia to update the document you circulated about a week ago. We have updated the risk wording to be more in line with our existing enterprise risks and added some additional risks to the list. This document incorporates both Jeannette's and Anthony's feedback and I am communicating it back to you so that you are able to add any additional comments, additions or edits.

Following your review, the plan is to share the document with the ELT for their input.

Please return the document back to me when you have made your updates.

Please let me know if you have any questions or would like to discuss.

Thank you,
