Subject: RE: OEB RPP Variance Report - August 2017

Olga,

I looks like we will be able to accommodate this request. We are currently making some changes to the formatting at the request of the OEB. We will be able to add this to the list.

Stay tuned.

Subject: RE: OEB RPP Variance Report - August 2017

Hi Yan, thanks for revising the report. I was wondering, since other groups use this information, can we make a small change to accommodate their needs:

1. Accounting (Natalie and Alefiya) uses this report to reconcile to the loan amount (includes RPP + Non-RPP).
2. Web Publishing needs to post the Fair Hydro number (RPP + Non-RPP) on our public website.

Would it be possible to have a cell somewhere on the report (anywhere you want) that shows the total including RPP and non-RPP? Something like this:

Month & Year	Ontario Fair Hydro Plan for Non-RPP Submitted by LDCs & USMPs	
	\$	Number of Customers
Jul-17	-8,666,522.87	131,780
Aug-17	-16,075,942.11	179,555
Totals	(\$24,742,464.98)	311,335

OFHP RPP
+ Non RPP

605,168,538.16

Please let me know if that would be ok with you.
Many thanks.

Please note the updated RPP Variance report for August 2017.

The revision was needed due to a clerical error in accounting for the cumulative net interest.

Please find attached the RPP Variance report for August 2017.

Also note this month's report is in the same format as in previous months. We will be sending a sample report under the revised format separately.
