Hi Peter. You've seen earlier versions of this 2nd Amendment to the T-D, so best to keep you in the loop.

Thanks,

Anthony,

Per our ongoing discussions on this amendment to the Default Facility Agreement to accommodate the Fair Hydro Security Agreement, attached is the latest draft of the amendment which removes the requirement for the Fair Hydro financing commitment from the Province to be executed by March 31st, 2018, but in turn sets a cap on the amount of the Carrying Costs secured under the Fair Hydro Security Agreement at \$1.0 billion.

Let us know if the form of the document works from your end or if you had any further questions or comments.

Thanks again,

David

Subject: IESO - Default Facility Amendment

Anthony,

See attached for a draft amendment to the IESO Default Facility. You'll see that the amendment builds in the Security Agreement with the OPG financing entity as a Permitted Lien and makes execution of the Funding Commitment with the Province by March 31st, 2018 a requirement.

Let us know if you have any questions or comments on the form of the amendment.

Thanks again,

David
