" Resolution of the Board of Directors

Independent Electricity System Operator

June 14, 2017

In Respect of the establishment of a new credit facility and revision of existing credit facilities in relation to the Fair Hydro Plan

---

WHEREAS, as further described in the memorandum to the Audit Committee entitled "Fair Hydro Plan Credit Facility" dated June 13, 2017 (the "**Memorandum**"), the Corporation has determined that in order to support the IESO's role in the Fair Hydro Plan it requires greater credit liquidity;

AND WHEREAS the Corporation proposes to enter into a new credit facility with the Ontario Financing Authority or Ontario Electricity Financial Corporation to support the Corporation's role in the Fair Hydro Plan in an amount yet to be determined of between $1,800 million and $2,500 million (the "**New Facility**");

AND WHEREAS, due to the structure of the Fair Hydro Plan, once the New Facility is established, the Corporation's existing credit facility with the Ontario Financing Authority in the amount of $975 million (the "**OFA Facility**") will include unnecessary and duplicative credit liquidity such that the OFA Facility may be reduced to an amount yet to be determined between $400 million and $500 million;

AND WHEREAS …[Recital redacted]…

NOW THEREFORE BE IT RESOLVED THAT:

1. The Board of Directors hereby authorizes and approves the establishment of the New Facility and the amendment of the OFA Facility …**[Redacted]**… on such terms and conditions as are generally outlined in the Memorandum (collectively, all facilities being the "**Credit Facilities**").

2. The Chief Financial Officer or her delegate is hereby authorized for and on behalf of the Corporation to:

(a) finalize, execute and deliver

  (i) all relevant agreements, instruments and other documents required for the establishment or amendment, as applicable, of the Credit Facilities, and

  (ii) all ancillary documents, deeds and instruments determined to be necessary or desirable in connection therewith (the execution of any such document, deed or instrument being conclusive evidence of such determination),

  and to perform the Corporation's obligations thereunder, and to obtain the benefits thereof;

(b) draw upon or continue to draw upon, as applicable, the Credit Facilities from time to time in accordance with their terms; and

(c) do any and all such further acts as may be determined to be necessary or desirable to give effect to the foregoing transactions including, for further certainty, amending any other agreements as may be required as a consequence of such transactions. "

I certify that the above is a true, redacted copy of a resolution approved by the Board of Directors of the Independent Electricity System Operator on June 14, 2017.

John Rattray

General Counsel, Secretary and Chief Reliability Compliance Officer
Independent Electricity System Operator
