 - Achievements Since 2013 LTEP
 - Current Context
 - Stakeholder Feedback
- Scenario options
 - Approach
 - Design questions
- Proposed Initiatives
 - TBC
- Next Steps
- Appendix

Current Context (cont'd)

- Recent policy announcements that will impact OPO and FTR outcomes:
 - 8% Rebate;
 - No further FIT procurements;
 - RRRP Enhancements;
 - ICI Expansion; and
 - Suspension of LRP II;
 - Ontario – Quebec Electricity Trade Agreement;
 - IESO's renegotiation of remaining NUG contracts.
- In addition, revised demand and supply modelling is likely to be contingent on expected policy announcements:
 - Additional rate mitigation measures
