Subject: RE: Fair Hydro Plan variance

Thanks Jordan. Do you know what day of the month the amount for the prior month will appear on the website, normally?

Mark,

The deferred GA amount under the Fair Hydro Plan is recorded in a variance account and published to the IESO's website: <http://www.ieso.ca/power-data/price-overview/global-adjustment>

During May and June, a partial reduction was granted by the OEB to eligible customers, with the full implementation taking effect on July 1, 2017. The monthly breakdown of deferred GA amounts (in millions) under the Fair Hydro Plan are as follows:

May*: \$ 110.2

June*: \$ 136.6

July: \$ 147.9

**Partial implementation of Fair Hydro Plan*

The full implementation of the Fair Hydro Plan took effect on July 1 but will take a full month for LDCs to implement the change in their billing cycles, which will be reflected in their August 2017 submission to the IESO.

Cheers,

Jordan

Subject: Fair Hydro Plan variance

Hi David,

The Deputy is asking what the total variance (i.e., under-collection) for the Fair Hydro Plan is for the year to date.

Looking for this number before noon today.

Thanks,

Mark
