Subject: RE:

Here you go:

To clarify, Mr. Gregg and Ms. Marshall signed the Management Report which outlines the responsibilities of management with respect to the financial statements. Specifically, management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of the financial statements that are free from material misstatement. This is considered to be good practice for entities that are publicly accountable and is consistent with the approach of publicly traded entities.

Hey – can you try and finalize that last Globe question re: rules around signing off on our financial statement? We need to get all the questions (outside of the accounting procurement questions) to Terry so he can send them today.
