

**Attachments:** Ltr from Minister re Affordability Fund\_March 21 2017.pdf; Minister Approval re IESO 2017-2019 Business Plan\_March 21 2017.pdf

We received two letters from the Minister this afternoon – copies attached. The first approves our revised Business Plan, mentioning in particular the Market Renewal Program as well as our work with MOECC in relation to the Climate Change Solutions Deployment Corporation. The second deals with Ontario's Fair Hydro Plan and asks that we provide input and assist in various ways in its implementation.

With respect to the Business Plan, the next step will be to complete and file our Ontario Energy Board application - likely mid to late April.
