Subject: RE: AC Materials are ready on Boardbooks
Attachments: Item 10(ii)Rate Mitigation Update.pptx

I tried to fix the rate mitigation presentation. Please see if this looks better.

Thanks,

Kim:

we can make it visible tomorrow if that works for you. As I review the HRGC I see that a new item for approval needs to go to the Board (Chuck didn't let me know about this previously) re extending TP terms.

John

I will check right now if I can get to the files from home to fix the track changes.
On the page numbers agree but will leave

Substance is fine.

I leave it to you as to whether you want to address the following:

rate mitigation AIS has track change on formatting (I recommend correcting this)
page 146 is blank (could be left for next time)
various – no pagination on slide decks – see for example certain of the risk slides. (good practice going forward)
