

IESO Impact from Ontario's Fair Hydro Plan

Ontario's Fair Hydro Plan Major Components

- Refinancing the Global Adjustment (GA) over a longer time period for Regulated Price Plan (RPP) eligible consumers, including families, farms and small businesses – similar to Ontario Rebate for Electricity Consumers (8% rebate)
- Enhancing competitiveness for small manufacturers and industrials by lowering the eligibility threshold for Industrial Conservation Initiative (ICI)
- Helping vulnerable electricity consumers by enhancing electricity support and conservation programs, and funding these programs from provincial revenues
- Ministry support for Market Renewal

Vulnerable Consumers Programs Impacting IESO

- Changing Rural or Remote Rate Protection (RRRP) program to provide distribution charge relief for the customers of the costliest local distribution companies (LDCs)
- Enhancing the Ontario Electricity Support Program (OESP) and working to ensure the program uptake is as close as possible to 100%.
- Establishing a new First Nations On-Reserve Delivery Credit.

RPP Customer Bill targeted residential monthly bill reduction of 25%, based on Toronto Hydro 750KWh/Mth in 2017

Base Bill is Toronto Hydro 750 KWh/Mth in 2017

item	Toronto Hydro Residential Monthly Bill (750KWh/Mth)	2017
1	Distribution	\$ 41.61
2	Transmission	\$ 13.10
