Hi all,

As part of our ERM process, and based on discussions with Jeannette, Michael Boll and others, we have put together a risk register related to Fair Hydro, as this item has been identified as a key risk in our upcoming Board materials for June.

I'd like to have a brief meeting to review the draft register and get your input on next steps.

If at all possible, Thursday or Friday this week would be ideal.

I will provide the draft materials once we've determined a time – Lorraine and Nimi, thank you for your support in coordinating.

Lia
