Super, thanks Jeannette. We can arrange a call-in number here and circulate. Amanda, would you please set something up, for say 1:15 to 2:00?

Assuming GO train works as it should, I can do 1 - 2. Let's say 1:15 to mitigate travel timing risk. I have included Anthony as he manages the variance account "real" dollars. I can explain how I get them to him. Whose call in number shall we all use?

Hi Dan,

I'm available all afternoon other than 4pm for a half hour. Jeannette is in transit at the moment so we will let you know in the next little while when we could be available.

Michael

Hi Michael,

We are trying to get a better understanding of the IESO's variance and deferral accounts. The context is the need to be able to quantify the amount of the GA deferral without also catching other deferrals that don't relate to the "FHP".

Would you and Jeannette have a few minutes today to discuss?

Thanks,

Dan
