Hi Jeanette,

I have a draft of the forms that will be implemented as part of the Ontario Fair Hydro Plan project. I would like to run these by the Ministry before sending them off to IT.

Is Sunita my contact at the Ministry?

Thanks,
Denise.

I think we want to set up a meeting with Sunita and Robert to ensure we fully understand the requirements.

But the forms as I as I see them are OESP with additions for Energy Intensive OESP classes (form 1 – think we can use our OEB form) and Hydro 1 RRRP (form 2), DRP (form 4, First Nations Delivery Credit) all paid by provincial revenue. DRP (form 3 - remaining from RRRP plus new ones with rate set by OEB), First Nations Delivery Credit. Can we start the requirements based on these ?

Hi Jeannette, just following up on our last conversation regarding portals and I think we're liking the idea of having LDCs report once as it will be easier to implement and take some of the load off LDCs as well.

We've thought through what information we think we may require from LDCs to ensure that we can do some checking on our end on data. Attached are mocked up forms for OESP, RRRP and First Nation delivery credit and the information we would be interested in seeing from them.

Take a look and I can setup a call to chat further. We are open to all ideas and suggestions.

Thanks,
-Sunita
