Subject: FW: Confirming only one submission for RPP Shortfall

I think we need to proceed as two lines.

Sorry, Jeannette. I can't answer that definitively. It will be determined in the regulation. It will either be entire shortfall due to new rate reduction, or just difference between what RPP would have been and new rate. I also don't know what the existing form looks like.

IT needs to know today whether a form change is required for RPP. Can I tell them definitely that we will be doing a simple GA smoothing (all shortfall regardless of basis) amount to be recovered and therefore no change to the existing form?
