Subject: Update - Ontario Fair Hydro Plan Regulatory Registry

Hello members of the Fair Hydro Plan LDC Working Group,

The Ministry wishes to bring to your attention a change in the regulatory registry posting regarding bill presentment. Specifically, the language regarding the mandated bill insert has been changed to reflect that the Fair Hydro Plan “will” provide savings, as opposed to “would”. This change is made to reflect that should all legislative and regulatory approvals be obtained for July 1st, the consumer savings levels would no longer be proposed – programs would be operational.

The posting can be found here: <http://www.ontariocanada.com/registry/view.do?postingId=24151&language=en>

Please feel free to reach out if you have any questions.

Thank you,

Mike
