Yes, this will work. In the 'Updates' section of this page they link to the News Release, Backgrounder, Report and The *Fair Hydro Act, 2017*.

Thanks for checking Jeanette.

We are issuing a letter today on a host of implementation issues. It will instruct distributors to suspend application of FVSA. Draft text includes the instruction: "Until further notice, no FVSA is to be charged or credited by distributors to any customer that leaves the RPP on or after July 1, 2017."

As for the new prices, the report we issued last week is on our RPP page (as well as what's new). Link here. (If this is not the page you had in mind, let me know).

IESO Web Publishing committed to publishing the GA modifier on the webpage for the first/second estimates, tomorrow: <http://www.ieso.ca/en/sector-participants/settlements/global-adjustment-for-class-b>. Also, we are waiting to post the new Tier1/Tier 2 and RPP rates - typically we align with the OEB so we can link to your webpages. Although everything is on your "what is new webpage", any idea when it will be posted to RPP webpages?

On another note, we are fielding calls from LDCs on DRP, FNDC and mostly on the "RPP Factor". Will the OEB release their communication today or tomorrow on these new program and what is happening around the Factor?

Where will the IESO be posting the GA modifier? If I recall your timelines, a 1<sup>st</sup> estimate of Class B GA for July will be posted tomorrow.
