Subject: RE: More web suggestions re: OHFP

How about this – it aligns with the Act and remove the need to specify time as we are uncertain when recovery through the clean energy adjustment will take affect beyond knowing it is unlikely before July 1 2021

Regards,

Jeannette Briggs Director, Settlements - Corporate Services

Subject: More web suggestions re: OHFP

Hi—

I think we should add something about FHP to the How is global adjustment charged to electricity consumers on the [What is Global Adjustment](#) page. How about the following wording as a last paragraph under the bulleted paragraph below:

Effective July 1, 2017, under Ontario's Fair Hydro Plan Act, a portion of the global adjustment costs related to the Government of Ontario's clean energy initiative will be allocated to future consumers of electricity, resulting in reduced electricity bills for current eligible specified consumers. For more information, see the the [OEB's report](#) on how prices are changing for these eligible customers. See also [Ontario Fair Hydro Act, 2017](#).
