Subject: RE: Not HST on Fair Hydro Carrying Costs

Is this a must-have for December? Or can we direct the FE to submit all costs in one of the boxes (non-HST) and update the form in a future release?

We have Rachel running flat out as it is making the changes for RPP, FNDC, DRP, RRRP, OREC forms for release in December (deployed to sandbox next Tuesday and Production next Thursday) and I don't know if we have enough time to add another change to the release.

Okay it is one number with one charge type – how do we get this done ☺. Susan is so apologetic.
