Subject: Latest Project Portfolio Dashboard Report

Jeannette,

I wanted to give you a heads up that the latest version of the PPDR that we will be sending to the ELT next week still shows the Fair Hydro Plan as being Red. The closure report is well in hand and as you know we have some costs to reallocate before we can close. We expect to have the closure report done this month. This explanation will be included on the report.

Let me know if you have any concerns.

Nicholas Ingman, P.Eng. Director, Enterprise Change
