I would like to thank everyone for the time and efforts you put today in providing an excellent training session of the Revenue Metering & Market Settlements. I have received positive feedback from the CM group and there were many questions that you were all able to answer effectively. I believe this brings us one step closer to work together collaboratively and strengthen our working relationship.

I will work with the CM training committee to see if we can host a similar training session to be delivered to the Metering & Market Settlements groups to have a better understanding of types of contracts being managed and the settlement structure.

Have a good weekend!
