All,

Thank you for your efforts in providing your assessments by the deadline and your participation in the calibration meeting today.

Here is the final file showing the risk results on the first tab as well as absolute scores and individual risk results.

Once all risk assessments are completed by the organization, the top ranked risks will be brought to the ELT for their assessment to determine key risks. I will communicate the results of the ELT assessment once they are complete.

Enjoy your long weekend,

Alexander
