Subject: RE: Draft Memo to Board - Fair Hydro security

Michael,

Is this what we organized Friday's conference call with Tim and Carole Workman about? If so, is it then completely separate from the December 6th Board package?

If the opg agreement needs to be signed before the end of the week, I was thinking that this was an item we should discuss with Tim and Carole today, along with any other heads up we want to provide. John, this would make it a consent item for everyone next week. Am copying Michael Boll for his view.

Peter and Kim:

Just letting you know that the Board materials are now viewable to you with the exception of the memo on Fair Hydro Implementation. Once we hear from you as to the preferred location we will insert it into the agenda and book.

If you are of the view that the memo is sufficient to describe the issue it could also be added as a consent item.

Kim and Peter:

Is this to be a new stand-alone Board item? Like Michael I assume that this is a discussion item and if my assumption is correct how much time do you want added to the agenda and where?

John and Margaret,

This memorandum is ready for inclusion for the audit committee and board materials. Kim, I assume this is a discussion item but I'm not sure if there is a specific item on the agenda for it. Can you please confirm?

Will this also require an AIS? If so, I can prepare one in the morning.

Thank you

Michael

Peter and Kim,

Attached is a draft memo responding to the discussion about the Fair Hydro security at the special board meeting. I know it is a busy day but wanted to provide you an opportunity for review prior to uploading to the audit committee and board materials.

Michael
