Subject: RE: Request for time in your calendars - Friday, December 1st

Hello all,

Dianne noticed that I had duplicated her efforts – she had already set up the conference call with different call-in details. Please, therefore, disregard my details and use the ones provided by Dianne in her outlook invitation to you. Jeannette, I have already advised that you are not available.

Thanks very much.

Margaret

Tim and Carole,

Thank you both so much for your prompt responses. 12:30 to 1:30 pm Eastern Standard Time on Friday, December 1st seems to work for both of you. Can you please block off your calendars for now?

I will provide you with call-in details tomorrow morning if that's OK.

Thanks again.

I am in Toronto all week incl Thursday and Friday – I attending a CPA Conference on Audit Committees on Thursday and Friday. I am available early morning, lunch, and late afternoon or evening on Thursday . I can make myself available any time during the two days if necessary but obviously I prefer not to miss conference sessions as I usually find the CPA

Audit Committee Conference quite relevant on all topics (12:30 on Friday would work fine). I am flying out at 4:00 so leaving the conference around 3:30.)

I can scan with my ipad or take a pic with my iphone.... Or have someone bring documents to Harbour Castle for signing (location of the conference).

Hi Tim; Carole:

Peter Gregg has asked if you might be able to make yourselves available for approximately one hour, this Friday, December 1st to discuss Fair Hydro, anytime in the morning (*between 8:30 and Noon, Eastern Standard Time*). Can you please let me know if this is workable for you and if so, what your time preferences are, within this window of time.

Also, on a similar note, do you both have scan capability if we needed to send you documents for your signature that would then need to be scanned and returned to us by email?

Thank you very much for your advance consideration. I look forward to hearing from you at your earliest convenience.

Cheers,

Margaret
