He numbered it for me, so...unless I print the book for him, he can't see the book.

This book has been created and it's presently only viewable to you John. Please let me know when I can make it viewable to others and whether it should be blocked from anyone or viewable to all who have access to Diligent.

Thanks,

M

Margaret,

Package of materials attached. I have numbered the attachments for order of insertion. The email attachment should be #3 but for some reason the document title changed when I moved it into this email.

Draft email to accompany package:

Re: Update of Fair Hydro Agreements following November 22, 2017 special Board meeting

Attached is a memorandum to report on the amendments to the Fair Hydro Plan agreements following the November 22, 2017 special IESO Board meeting. This report is pursuant to the Board resolution authorizing execution of the agreements, and delegating authority for approval of amendments to the Board Chair, Audit Committee Chair and Chief Executive Officer.

Thank you
Michael

Thanks Michael.

Please add pagination to your memo and then work with Margaret to confirm the order of the attachments as they are to be inserted and the titles you would like used to describe the attachments.

We will also need an email to go to the Board to advise them that an update is available. If you don't mind please prepare a short draft email.

John,

I have changed the date on the memo to today's date and removed all track changes. This should be in final form now.

Also attached to this email are the attachments to the memo.

Regards,
Michael

Thanks Michael. I can follow up after tomorrow's continuing ed session

Kim and Michael:

On the issue of Fair Hydro, Peter is good with us proceeding to post on Boardbooks and not make it part of the Board meeting package. Let's finalize the materials tomorrow and then we can arrange to post and I will advise the Board that the materials are there for their review.

John, apologies, I meant to email you earlier. I unfortunately did not get to drafting the resolution today.
