That's fine Jordan. I will find some time for us to meet this week, discuss the results and see if you have any additional input.

Hi Alexander,

I probably won't be able to attend this meeting at 4:00. I'm out of the office this afternoon and unlikely to be able to jump onto a call. Can I connect with you tomorrow?

All,

Jeannette suggested we try and complete the risk assessment together to be more efficient.

Right now, Michael has a tentative meeting in his schedule so I am checking to see if he can make it.

However, the four of us could still have the meeting and then provide it to Michael for any further input if he cannot make it.

I booked an hour, but it shouldn't take the whole hour.
