Subject: FW: Fair Hydro Plan - impact on GA?

I think we need some public/stakeholder facing Q&As for the Fair Hydro Plan, addressing the question from Declan below, but more broadly for our market participants. Do you think you could work with Declan and find out the types of questions he's getting and pull some responses together? You may need to reach out to Daniel.

Afraid I don't. You can redirect the question to me or I would be happy to chat with Declan about the mechanics.

Hi Daniel,

Wondering if you have an updated Q&A or materials that deals with this type of question?

Gents.

Wondering if you have any details, or know who would, what is the direct impact on GA from the Fair Hydro Plan? (And when it starts)

Came up earlier today in a discussion with CME about the ICI \$/MWh avoided, and also the relationship with the efficiency gain from market renewal.
