Great. The original request came from him visiting our site and the posting of the \$394.7 million.

Looks good. I recall that we are going to post these values on the website? If true you could let him know for future reference?

Chuck/Terry,

We'll be responding to a question around the FHP to Parker Gallant today. It's relatively straightforward and essentially explains that we're following the legislation and an OEB decision, but please let me know if you have any concerns.

I'd like to also flag for the Ministry given the nature of the request.

Cheers,

Jordan

Jordan,

Here is a proposed response, which was developed with Jeannette's assistance.

Under the Fair Hydro Plan ([Bill 132](#)), eligible customers are being provided relief from paying the full cost of electricity through a number of reductions, including lowered Global Adjustment (GA). As a result, the IESO only collects a portion of the full GA from local distribution companies. During May and June, a partial reduction was granted by the OEB to eligible customers, with the full implementation taking effect on July 1, 2017. The deferred GA amount under the Fair Hydro Plan is recorded in a variance account and published to the IESO's website.

The monthly breakdown of deferred GA amounts (in millions) under the Fair Hydro Plan are as follows:

May*: \$ 110.2

June*: \$ 136.6

July: \$ 147.9

**Partial implementation of Fair Hydro Plan*

The full implementation of the Fair Hydro Plan took effect on July 1 but will take a full month for LDCs to implement the change in their billing cycles, which will be reflected in their August 2017 submission to the IESO.

We'll need to loop in with Jeannette to inform our response. Can you/Kate start there?

Importance: High

Hi Mary—Alex forwarded to my voicemail.

Parker is looking to get clarity on why the monthly deferred GA amounts under the Fair Hydro Plan amounted to \$394.7 million?

What made up this payment? Can we provide a breakdown?

He said it is abnormally high amount for one month considering that the FAO landed on a yearly sum of \$2.5 billion.

He'd like this information by email tomorrow.

John

I assume she means she sent it to the media line. I didn't get it.

Mary
