Hi Jordan,

Here's a draft presentation for your review. One thing that might be missing is a slide or some points about the focus of IESO government affairs in the coming months. I've mentioned upcoming developments that will involve government engagement, but I don't know if there's anything deeper about our focus or high level strategy that we want to include.

David – feel free to review and provide any suggestions you might have on what I just mentioned or otherwise.

Andrew
