Hi David,

I am attaching the website content that Matt Brunette from the OCC has put together, which includes our Communications Branch's edits. If you could take a review of the content and let us know of any suggested and necessary edits, that would be greatly appreciated! The programs start on page 9, however you may want to take a glance over the entire document as IESO is mentioned throughout. If it would be possible to return your edits to us by end of day this Wednesday, September 13th - that would be amazing. Please let me know if you have any questions.

Thanks so much,
Vanessa
