John,

Thanks for bringing this to our attention. I connected with Lisa earlier today and got some of the background on the original request. The IESO has no concerns with the statement from KPMG highlighted below. Can you please have your contacts at Blakes let KPMG know?

Thanks,

Jordan

Subject: Media enquiry

The Globe is pressing KPMG for a statement and their press person is very concerned that silence will backfire for KPMG and IESO.

KPMG proposes the following statement, borrowing from the Minister's statement on the issue. OK with you?

Pls copy Chris on anything. He's the brains of the outfit anyway. And I'm in Munich.

Brad

Revised Proposed KPMG Media Response: "The government and its agencies consulted several third-party experts regarding the structure of the accounting for the Ontario Fair Hydro Plan. KPMG was among those consulted. KPMG is unable to comment on client engagements pursuant to our legal and professional obligations."

MINISTER's statement - Oct 17, 2017

The policies and implementation process for the Fair Hydro Plan were designed and reviewed by senior staff from the Ministry of Energy, Ministry of Finance, Treasury Board Secretariat, Office of the Provincial Controller, Cabinet Office, the Ontario Financial Authority, the Independent Electricity System Operator, and Ontario Power Generation. Third-party experts from firms such as KPMG, E&Y, and Deloitte were also consulted by government and its agencies on the structure of the accounting. Through these consultations we considered a range of implementation options, and ensured due diligence was completed.
