Moved to Adelaide, Let me know if that works for you Idalin and Anna.

Hi Idalin,

It would be great to meet with you personally and to see if we could obtain some basic knowledge on data availability pertaining to ICI, Ontario Fair Hydro Plan and how the storage credits will be carried out. It may be too much in one hour but we just want an opportunity to meet you and create a relationship so we know who to reach out to for questions regarding settlements data, to have access to the best actual data for forecasting models.

In the meantime, Mike and I have put in a request to IT to obtain access to BITs and Tableau Desktop, which we may not have access prior to the meeting but at least will have it for the future.
