Subject: RE: Communications re. Ontario Fair Hydro Plan - Online Data Submission

Hi Jordan. As just discussed with Kate, we will ensure that these questions are addressed in the webinar being organized by settlements in June with LDCs and ensure that Kate is also provided with the responses. I hope this is helpful. Tina.

Hi Tina,

The IESO received the following email from the EDA re: the implementation of the FHP – see attached. In the work that you're doing related to the implementation and communication with stakeholders, do you envision that these questions will be addressed?

-Jordan

Subject: Communications re. Ontario Fair Hydro Plan - Online Data Submission

Jordan, in response to your voice message:

Yes, I have been involved in the Ontario Fair Hydro Plan communication to LDCs and USMPs which primarily focuses on form submission in the Online Data Submission Tool and updating and publishing the applicable training guide.

Attached are the two communications issued on June 1st and 2nd for your information. We don't have much more information than this plan at this point. Gordon Drake in Settlements has been my contact wrt these communications. I hope this is helpful. Tina.
