Subject: FW: Web Updates: FHP

Hi Jordan,

Here are the proposed web updates that will further refine the explanation around the FHP, including explaining the IESO's role in administering the fund and reporting the monthly deferred amount. Jeannette and Rob Doyle have approved the following, what are your thoughts?

Thanks,
Kate

Administering the Variance Account Under Ontario's Fair Hydro Plan

In accordance with the Fair Hydro Plan, the IESO will continue to invoice affected customers – but not collect – the full amount of Global Adjustment (GA) every month. The deferred portion of the GA not paid by these customers under the Fair Hydro Plan will be recorded in a variance account, constituting a regulatory asset. This regulatory asset may from time to time be transferred to a financing entity. The Ontario Energy Board will determine the rates, at later date, for recovery of the Fair Hydro Plan amounts through the Clean Energy Adjustment.

The IESO reports the monthly amount of deferred GA here (<http://www.ieso.ca/en/power-data/price-overview/global-adjustment>).
