No actually there's another media scan John did for each region, and the summaries for those are below in this chain. The one I just forwarded is an update that just covers the last few months since his original scan (and this update is not summarized).

I didn't really find the media scans helpful for the other regions.

Hi Luisa—

please find attached media scans for the three priority areas you've identified. I will follow up next week with scans for Northwest Ontario and GTA/Central Ontario. The scans cover a one-year period (July 2016 to date). [REDACTED]

Further to my previous note, the three priority areas for research are:

- Northeast
- Southwest Ontario
- East Ontario

If this could be completed the first week, and then Northwest Ontario and GTA/Central Ontario the following week, that would be much appreciated.

Thanks,
Luisa
