Kim:

As requested, attached is the summary level document and the associated draft work plan. As you know, some of the work elements will require tight well coordinated processes between the IESO and OPG. Can you identify who on your team would be involved in a joint subteam to start working on this. The OPG leads would be Matt Go and Ken Ryfa.

Steen:

If Energy would like to participate on this subteam please identify the appropriate individual

Thanks

John
