Hi Kim: can we find some time tomorrow to talk about IESO's memo. The content and format generally looks good. I've asked OPG to turn its "backgrounder" into "memo" that is similar to your approach. Would like to chat about "who" the memo could come from and the "to".

Thanks for the call today. Appreciate all the work and assistance from you and your folks.

This is exactly what we asked you to do thank you, yet I am not sure it fits what is needed. I had a conversation with OPG about their summary and they may be taking more of a story approach...here is why this is a good role for opg. I will send and ask them to send ours. Only think I will change is to take our kpmg as an attachment. Want to be asked for it,

Good afternoon,

Please find attached the draft memo on the analysis for the Fair Hydro Plan, as requested yesterday. I'm not an accountant and may have misunderstood some of the meaning or important pieces, so please take a look and let me know what you think.

I'd be happy to discuss.

Cheers,
