Subject: Re: IESO presentation to bond rating agencies

Terry,

Kate provided slides already. Business overview can be taken from a combination of our business plan and strategy documents. I think we have what we need.

Regards

Copying Tam for the regulatory piece. Not sure what is meant by the Business Overview? Chuck is also away until Monday.

Subject: IESO presentation to bond rating agencies

IESO has been asked to support the fair hydro bond process our role as “servicer” by presenting to Moody’s and/or DBRS. The majority of the presentation can be done by Anthony, Jeanette and Michael Boll. However, there is an ask for content that would come from your folks. I realize this is short notice and everyone already busy, but I’m hoping that you could accommodate. It is a bit of an education session for the rating agencies on who the IESO is and a chance to make our role in the sector clear. Would probably take place in one of the bank board rooms downtown.

Here are the topics requested and some of my thoughts on who might be able to do. Obviously open to suggestions.

- I. Regulatory Environment - Tam could do?
- II. IESO Business Overview – Jordan? Maybe a Chuck
- III. LDC Onboarding
- IV. LDC Administration
- V. IESO’s Role in the Fair Hydro Program
- VI. Clean Energy Adjustment Bypassability
- VII. Demand Forecasting – George Pessione or from that area?
- VIII. Historic and Projected Energy Usage - some LTEP overview?
- IX. IESO Technology

What is required is

1. Create a powerpoint page with bullets covering the requested items in each area, can speak to whatever is needed
2. A rehearsal with Oslers and OPG, probably on Monday
3. Presentation tues 1-2 hours probably in total time

Let me know your thoughts, thanks
