Subject: Andrew Teliszewsky Departure

After nearly 12 years at Queen's Park, the last 5 as Chief of Staff at the Ministry of Energy, Andrew Teliszewsky has decided it is time for him to pursue opportunities outside of Government.

Andrew began as an intern at LCSB during the McGuinty Government's first mandate and over the years, and in roles of increasing responsibility has contributed to some of the most challenging public policy files that our Government has had to contend with; most recently the Fair Hydro Plan and the 2017 Long Term Energy Plan.

Every strong team needs a leader and every leader needs a strong team and Andrew knew that very well. He is a hard working team member and a leader whomst has helped to inspire and mentor new staff and help develop talent within our ranks. When I was a new Minister, (a title I can no longer use) Andrew was instrumental in helping guide my transition into this busy portfolio and despite the challenges that seem to have emerged every single day since, we often find time to share our unique sense of humour, which kept us balanced — but he always kept faith in the privilege it is to serve Ontarians as we do.

A successor will be named in the near future and Andrew's final day with our team will be in early January.

Andrew, be proud of the work you have done and the difference you have made in your time here..... Oh, and it's good to know the diplomacy classes worked!!!

Please join me in congratulating Andrew and wishing him well in his new adventure.
Congrats Andrew and thank you for your years of dedication to the people that have worked with you and for you, this party, this government and to the People of Ontario.

Glenn Thibeault
Minister of Energy
