Subject: Re: Draft for discussion - risks note for the market accounts including fair hydro

I think we might need a conversation re the edits, this is new to Natalie so I will speak with her.

I am taking some time off first. You have been great to work with and thank you so much for your support this past year. I hope you are proud of what you have accomplished. You do great work.

Thanks Kim. I'm generally free today other than 10 to 11.

Also, I was sorry to read about your resignation. Are you moving to a different company? Surely you are too young to retire!

As Anthony indicated, my edits were to the original draft, which I understand has undergone further edits. I'm happy to discuss my edits to determine if any would be helpful to the new draft.

Importance: High

I reached out to Michael Boll (just back today) for any suggested edits to my original draft.

Attached are Michael's tracked editswhich mainly are aligned to the IESO's overall consistent messaging on FH in other places of the f/s etc.

Please review and as appropriate you can edit Note #14 as necessary.
