

Delivery Option 1 – LDC “In House”

This is one possible method of delivering the program. In this option, the LDC outsources Assessments, Measure Installation and Customer Payments to a Contractor/Service Provider. There are lots of different hybrid options possible.

Delivery Option 3 – Turnkey Delivery by Program Implementer

Delivery Option 4 – Retrofit Model, Open Market, Published Measures List

SBL program only needs post-project approval portion, pre-approval process from Retrofit doesn't feature
