Subject: Sent on behalf of Nik Schruder: Agenda and materials for review prior to September 21st Mid-term Review Advisory Group meeting

Good afternoon,

The agenda and meeting materials are now available for the September 21st Mid-Term Review Advisory Group meeting. This meeting will include a discussion on the second phase of the budgets, targets and cost-effectiveness topic summary. We ask that Advisory Group members review the attached materials in advance of the meeting and come prepared for an interactive and engaging discussion next Thursday. If you wish to submit written comments on any of the enclosed documents, please do so by **September 29th, 2017**. Note that as part of the IESO's engagement process, all written feedback is sent to our stakeholder engagement group (engagement@ieso.ca) and posted on the engagement webpage so that any comments that may result in changes are managed in a transparent way. Following consideration of all comments, the IESO will post a response for discussion at the next Mid-term Review Advisory Group meeting.

Please confirm attendance by end of today (Friday, September 15). If you have not already done so, please confirm your attendance by responding to the meeting invitation so that we can make the necessary arrangements for the meeting room. Note that St. Andrew's Club and Conference Centre has changed names to Vantages Venue. While attendance in person is preferred, if you are unable to attend in person please email kathi.whiston@ieso.ca to receive the teleconference details.

The following meeting materials are attached and will be posted shortly to the [Conservation Framework: Mid-Term Review engagement webpage](#).

- Notes from August meeting
- Agenda for September meeting
- Revised Topic Summary: Climate Change
- Revised Topic Summary: Budgets, Targets and Cost-effectiveness (Part I)
- Updated Market Research Plan

- Updated Market Research Themes Document
- Final Report Outline
- Non-energy Impacts Study Plan
- Update on IESO Internal Audit – CDM Plans and Program/Pilot Review Process
- Draft Topic Summary: Budgets, Targets and Cost-effectiveness (Part II) (*Note: a spreadsheet including source data will be provided next week*)
- Future State Principles

Kind Regards,

Kathi Whiston on behalf of Nik Schruder
Independent Electricity System Operator (IESO)
