Dear Terry,

Thank you for the invitation that you sent to Bryce Conrad to speak at the upcoming Forum on November 16th. Due to previous business commitments he is not available to participate in this event.

As Bryce is not available, he requested that I reach out to you to see if would be possible to have Guillaume Paradis, Director, Distribution Engineering and Asset Management, of Hydro Ottawa speak at this Forum.

If you could advise me at your earliest convenience if this is possible, it would be greatly appreciated.

Sincerely,

Leanne Thompson

Subject: Speaking Invitation – IESO Regional Electricity Forums

Notice: External Email

Dear Bryce:

I am writing to invite you to deliver the afternoon keynote address at the upcoming Eastern Ontario IESO Regional Forum being held on Thursday, November 16 in Ottawa.

This forum is one of five forums the IESO will be hosting across the province this fall to bring together a cross section of community and business audiences to explore the future direction of the electricity sector. This will be accomplished by bringing the dialogue to the local level and facilitating conversations about how electricity can be harnessed to support the growth, resilience and vibrancy of communities. Invited audiences include municipalities, Indigenous communities, LDCs, Local Advisory Committee members, businesses and local associations.

The afternoon keynote address will introduce the theme for the remainder of the day, which is intended to highlight the local perspective. We would suggest a 15-minute speech or presentation followed by a 15 minute question and answer session. Opportunities for discussion could include your community's experience within the evolving electricity sector, what you are hearing from your customers, how you are demonstrating innovation and preparing for the future.

Attached is a brief backgrounder on the Regional Forums, as well as the draft agenda for your review.

We hope you can join us in this exciting engagement opportunity. I look forward to hearing from you and please do not hesitate to contact me if you have any questions.

Thanks,

Terry Young | Vice President, Conservation & Corporate Relations
