Good morning,

The final November meeting notes and meeting materials are now available for the January 9th Mid-Term Review Advisory Group Webinar.

This webinar will include a discussion on the draft opportunities identified by Navigant for the final Mid-term Review Report. We ask that Advisory Group members review the attached presentation in advance of the webinar and prepare any clarification questions you may have for the webinar. Written comments on the attached presentation deck are welcome, please submit comments by **January 23rd, 2018**.

Note that as part of the IESO's engagement process, all written feedback is sent to our stakeholder engagement group (engagement@ieso.ca) and posted on the engagement webpage so that any comments that may result in changes are managed in a transparent way. Following consideration of all comments, the IESO will post a response on the [Conservation Framework: Mid-Term Review engagement webpage](#).
