

CONFIDENTIAL: Industrial Conservation Initiative (ICI) – Issues and Potential Solutions

Presentation to the ELT

April 19, 2017

Customer perspectives with ICI

ICI shifts GA to other non-ICI eligible customers

- In 2017, Class B consumer bills would have increased approximately 9% due to ICI without the Ontario Fair Hydro Plan (OFHP)
- GA costs are shifted to the Fair Hydro debt which will be paid off by retail customers in the medium/long term
